

## Initial questionnaire for parents (142)

The aim of this questionnaire is to collect information about your personal views and your expectations regarding this project, as they can be useful both for its implementation and impact.

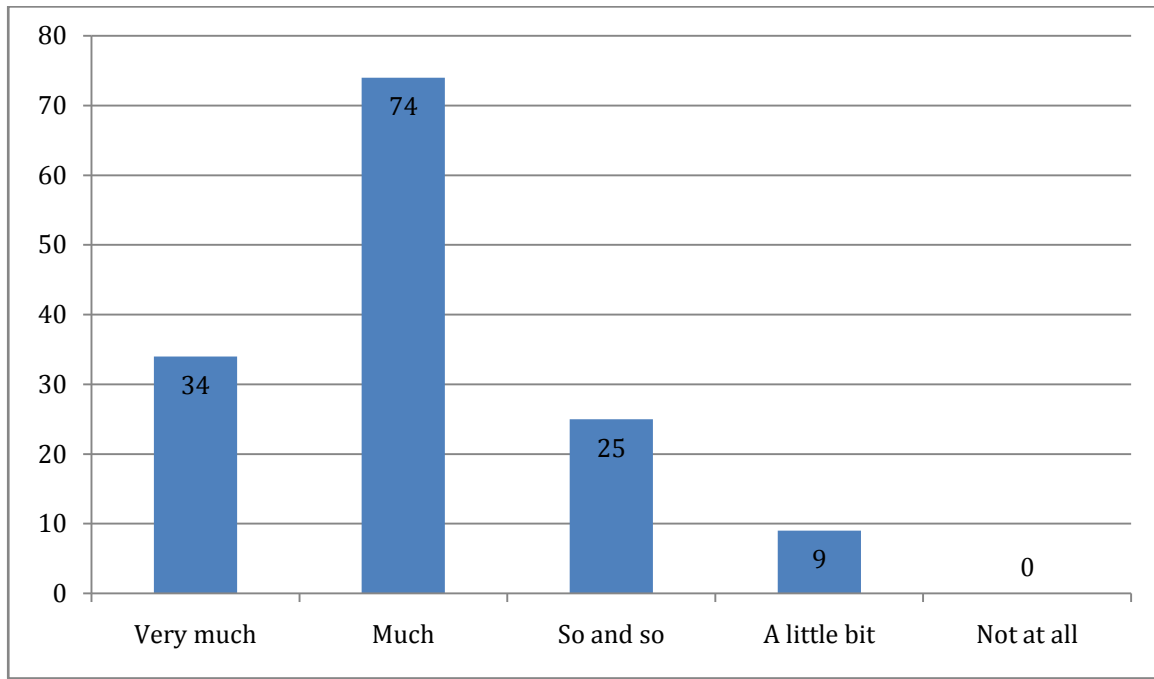

### 1. Do you know what the aims of this project are?

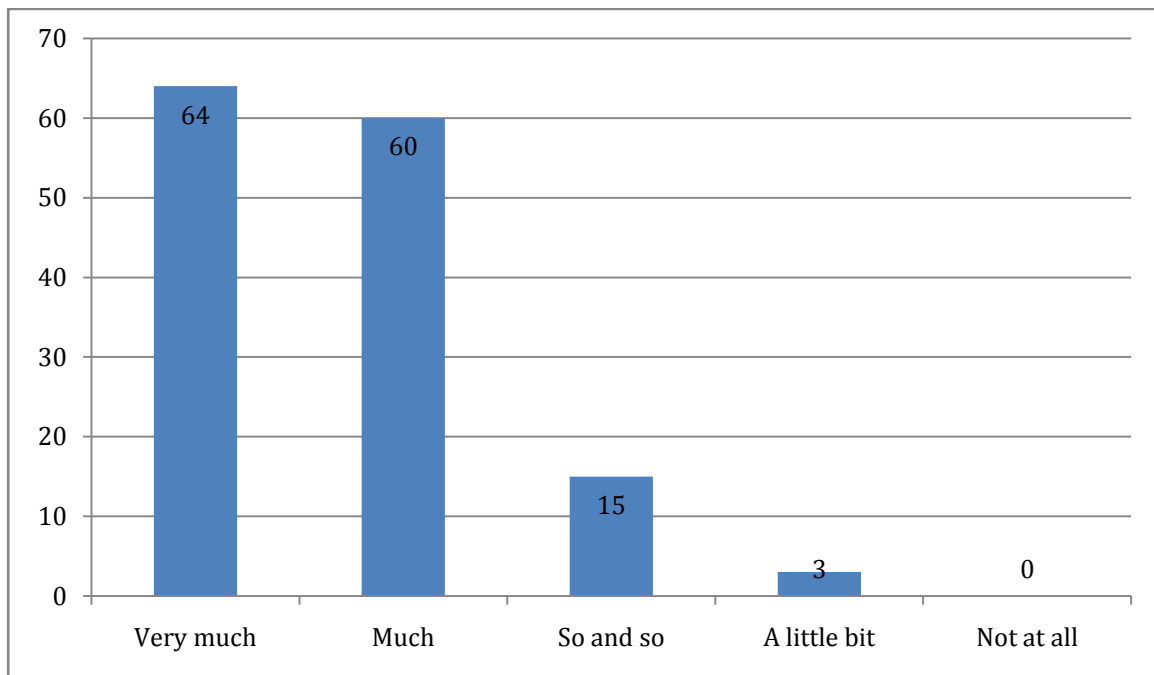

### 2. To what extent do you believe that this project will involve the students?

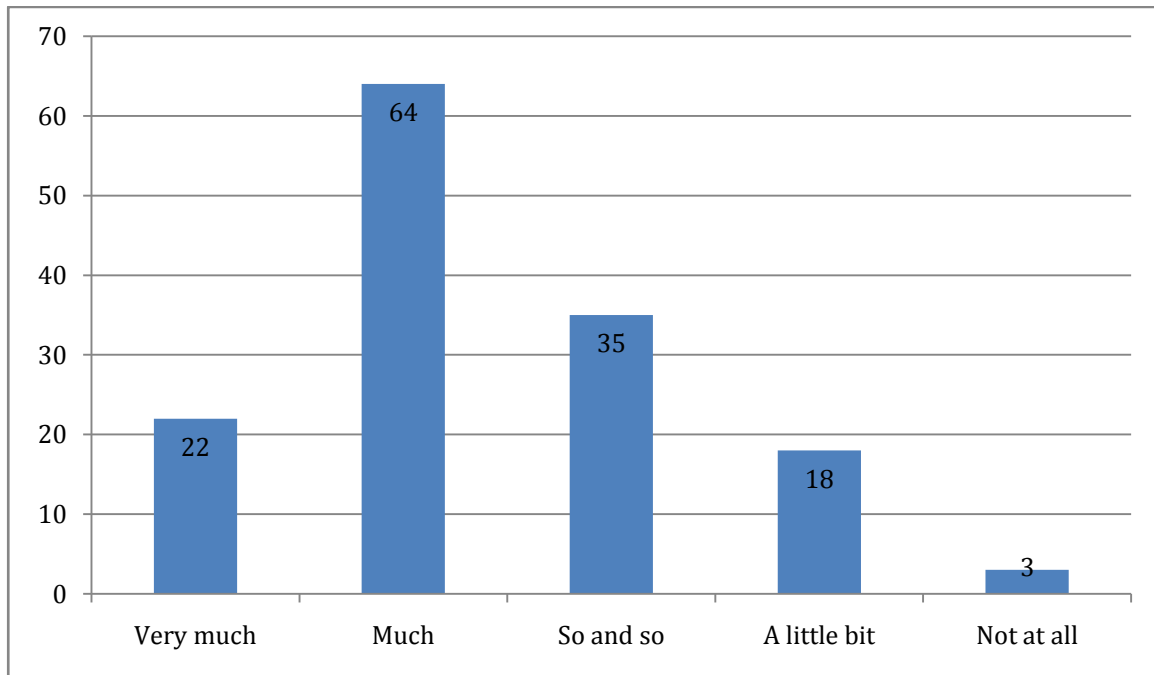

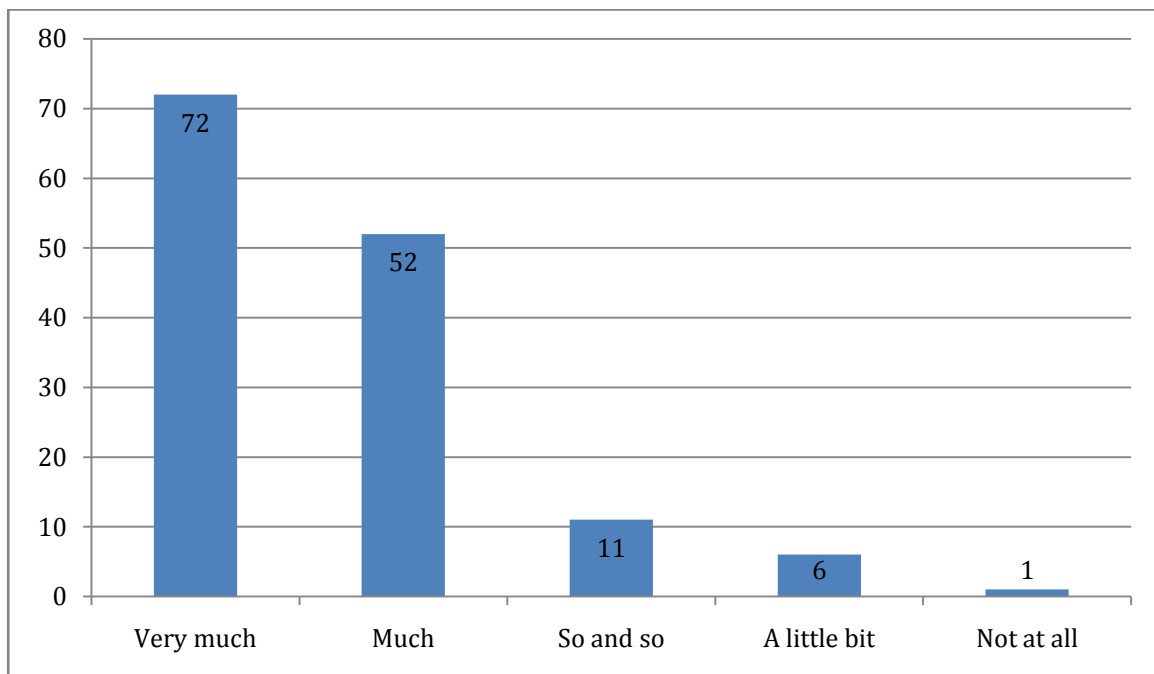

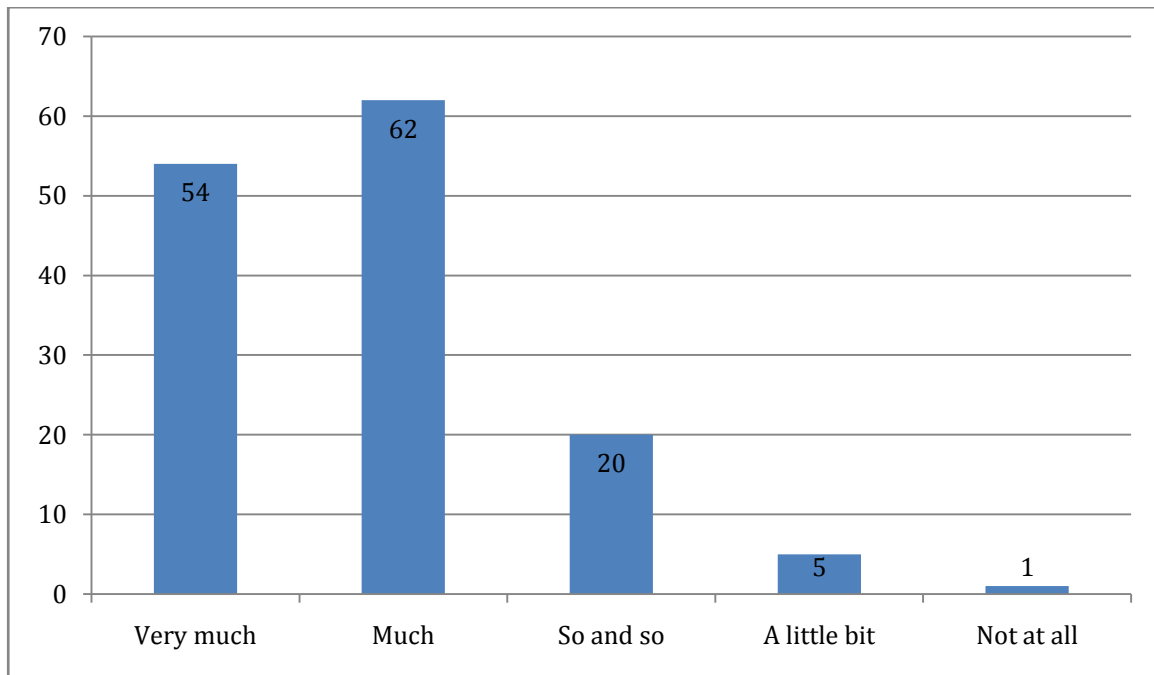

**3. Does it contribute to increasing their environmental awareness, expanding the issue to an ampler community (Europe, the world)?**

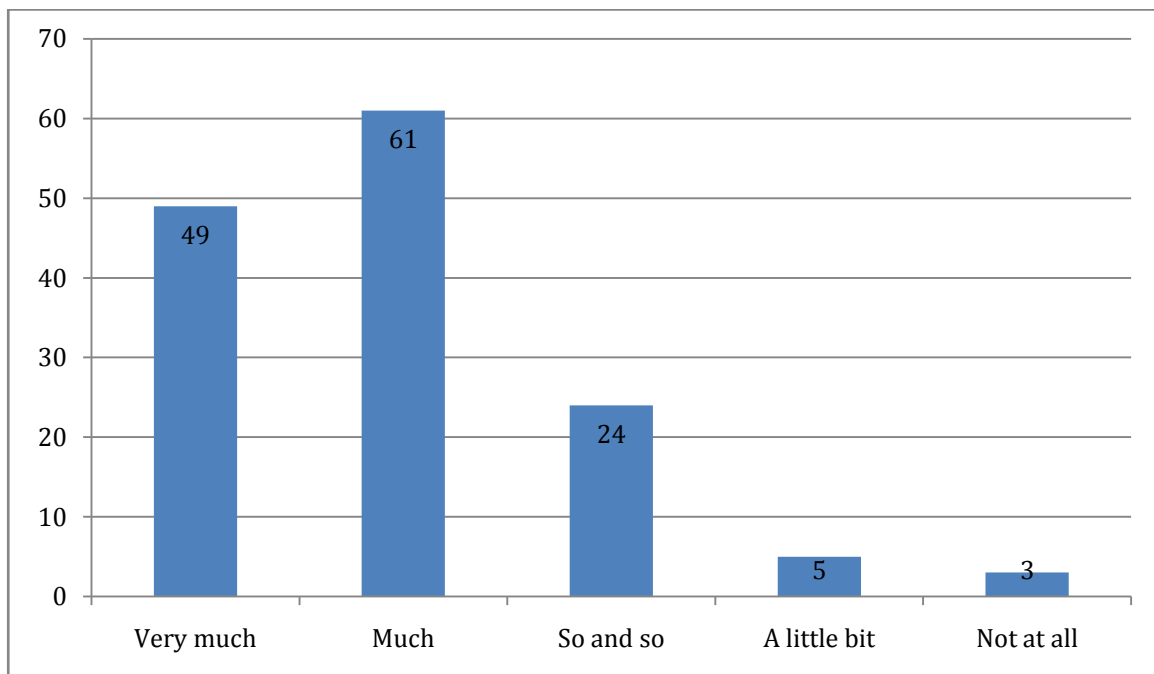

**4. Does it contribute to widening students' the cultural horizon?**

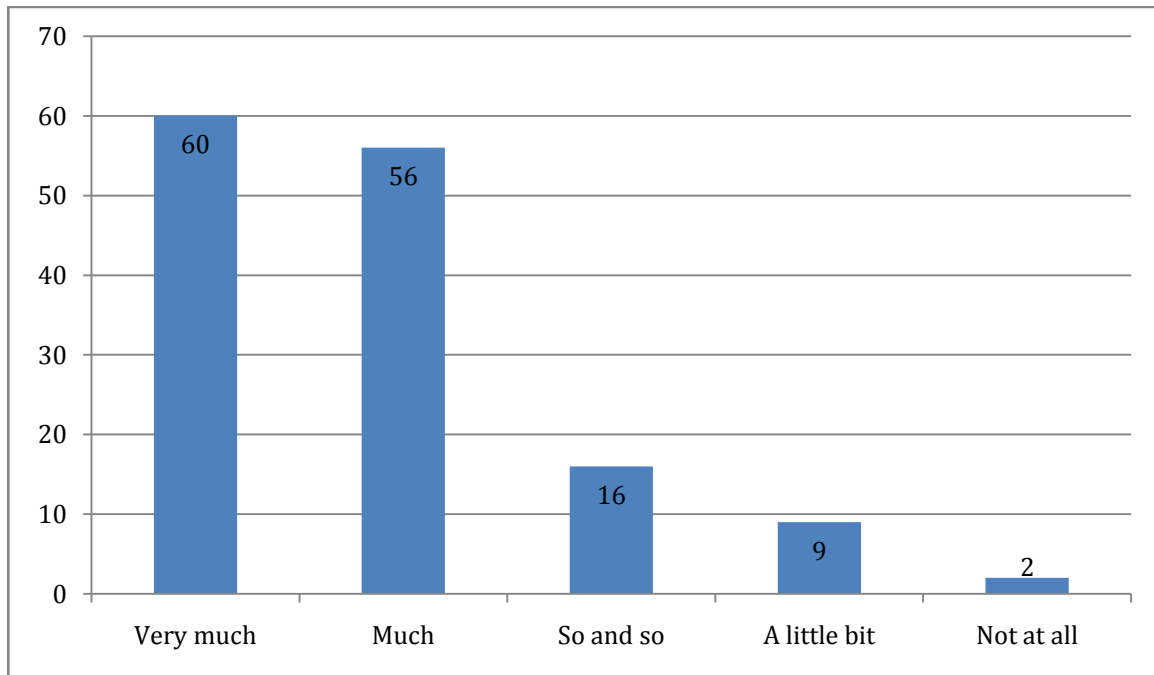

**5. Does it promote the learning of ICT skills?**

**6. Does it improve their knowledge of English?**

**7. Does it develop positive attitudes (e.g. towards diversity, the environment)?**

**8. Do you think Erasmus Plus projects could increase your satisfaction regarding the quality of the educational services offered by the school?**

9. Do you think this Erasmus Plus project will help promote the school image locally and nationally?

Thanks for your participation!
