

## **EXPECTED RESULTS DURING AND AT THE END OF THE PROJECT:**

- a common environmental problems training course in England
- a common training course for the integration of ICT instruments within ecological education
- a common training course for students/teachers in the domain of project management(C6/C7)
- 9 non-formal education teacher training courses (one per each school)
- 16 local information/training sessions, in each school by the participants in the common training courses(two per each school)
- a minimum of 24 meetings of project participants at local level with local environment protection institutions for debates, investigating local environmental problems, finding remedy solutions ( at least three in each school)
- 8 project drafts of formal activities integrated in the curriculum and 8 drafts of nonformal activities realized in a “face to face” cooperation among all partners (C4)
- a minimum of 80 other projects of curriculum integrated formal activities and a minimum of 40 non-formal activity projects
- a minimum of 25 curriculum integrated activities, a minimum of 10 non-formal activities implemented at each school level
- 8 environmental project drafts jointly elaborated by partners (C6/C7)
- 8 environmental projects written/implemented by students supported by teachers at each school/community level (one per school)
- one LINGUISTIC ECO CAMP (C11)
- 2 thematic conferences (C3,C5)
- one dissemination seminary (C11)
- Teacher Training Curriculum on Environmental Issues
- A Methodological Guide for Formal/Non-formal Ecological Education and Environmental Projects
- A collection of ITC instruments which can be integrated in the ecological education
- The Facebook page of the project
- The project site
- 8 “ABOUT US”albums that will contain information about country, city,school and that will be offered during the first transnational meeting

- 8 video presentations of the partner schools
- 8 presentations of the educational system of each country
- multilinguistic leaflet of project presentation
- the dissemination brochure of project results
- project diary
- project logo (C5)
