Great hospitality and nice and pleasant school environment. Friendly host school staff. Friendly and cooperative project groups – a couple of exceptions only... . Very nice workshops with Rich – to the topic and with some cool inspirational ideas and activities. I disliked Simona ´s approach and her leadership. I really like the aim of the project and its topic and its implementation and the project meeting in Lanchester was very useful for that. • Thank you for your hospitality and very good organization • Our time was well managed. Interesting activities, Welcoming environment. Pleasant communication. • The whole week was a great experience and all staff members were very helpful. Also, the training session with Rich Hurst was one of the best sessions I have ever attended. Thank you! • Congratulations for the organization of activities in your school. Thank you for availability that have had throughout our visit. • After this meeting I am convinced that the curriculum will be the best. The training was very interesting and useful. Very good organisation in all activities. Very good connection with the project, with what we need to do. Congratulations! For Romanian team was a true good experience! • One of the greatest things of all was the possibility the host school gave us to visit all the classes and to talk to all the teachers. The possibility we were given to communicate to the pupils also to their families promoted a spontaneous truly and effective citizenship environment.
